Jean;s B&B

Nightly rate is \$85.00 for the master suite, \$ 125 for both rooms A lovely place. Very conscious host as far as cleaning with natural products. She is from England and very proper "indeed". Self serve breakfast, usually light granola, fruit and juice. The room upstairs has a queen bed, large sitting area with breathtaking view of Lake Washington and the mountains. Large bathroom and walk in closet, also a mini frig. She also has a twin bedroom down the hall that has a chest of drawers, night stand. But you have to share the bath with the people in the main suite, so friends are probably the best match here. Parking for one car is on the property and minutes to the freeway and Bellevue.
